expedited appeal. Members will continue to receive services during the grievance process.

### FILING AN APPEAL

Clients with Medi-Cal have the right to file an appeal within 60 days of receiving an Adverse Benefit Determination if services are denied, modified, terminated, unreasonably delayed, or if BHRS does not act within State-mandated timelines for the resolution of grievances and appeals.

Appeals can be filed verbally or in writing. A verbal appeal must be followed by a written request from you or your authorized representative.

Your appeal will be examined, and a Notice of Appeal Resolution will be provided to you or your

authorized representative within **30 calendar** days of receipt.

### **Expedited Appeal:**

You or your Authorized Representative has the right to file an expedited appeal. If you or your Authorized Representative decides that a standard appeal could seriously endanger your life, health or ability to attain, maintain, or regain maximum function, an expedited appeal may be requested and granted.

Your expedited appeal will be examined and a written response will be provided to you or your authorized representative no later than **72 hours** after receipt.

Medi-Cal beneficiaries have the right to request a State hearing only after appealing an Adverse Benefit Determination and receiving notice that the MMHP is upholding the adverse benefit determination. You must file the request within **120 calendar** days of the BHRS decision.

If you file for a State Fair Hearing within **10 calendar** days of receiving the Notice of Appeal Resolution, your existing level of services may continue while you await the results of the hearing.
